BUILDING TRUST THROUGH QUALITY AND PERFORMANCE

WHAT MAKE US SPECIAL FROM THE COMPETITION

We aim to balance superior craftsmanship with accessible pricing, ensuring that our products not only meet rigorous standards but are also within reach for our customers.

This commitment to quality and value defines our approach to serving the market, fostering long-term relationships with our clients based on trust and satisfaction.

WELCOME TO THE WORLD OF FILTERS

Welcome to 3Hann investment & management GmbH, whereover 19 years of industry expertise meets innovation and quality. Established in 2003, we have grown into a leading supplier of filters for construction machinery and heavy vehicles.

We extensive facilities including a 300 m² sales Office and 4000 m² distribution warrhouse 500 m² istanbul sales Office and warehouse and state-of –the-art 2000 m² air filter Factory, we are committed to delivering excellence in every product.

Our comprehensive range of nearly 5000 products, marketed under the Bavaria Filter Werke brand, includes air, oil, fuel, hydraulic, and cabin filters designed to meet the rigorous demands of heavy-duty vehicles. Additionally, we offer air oil separators, oil filters, and fuel filters specifically engineered for compressed air compressors.

Our VISION

VISION

To become a global leader in the filtration industry by delivering innovative, high-quality, and sustainable solutions that enhance the efficiency and longevity of construction machinery and heavy vehicles, ensuring customer satisfaction and operational excellence.

MISSION

Our mission is to provide reliable and cost-effective filtration solutions tailored to the needs of our customers in the construction and heavy vehicle industries. We achieve this through a commitment to quality, leveraging over 19 years of industry experience, and fostering strong partnerships with leading manufacturers in Europe and America. We aim to continuously expand our product range and improve our services, ensuring that we meet the evolving demands of our clients while contributing to the sustainability of their operations.

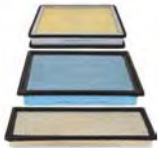

Our FILTERS

Air Filters

Bavaria Air Filters ensure proper equipment function by preventing airborne contaminants from reaching the combustion chamber.

Cabin Filters

Bavaria Panel Cabin Air Filters help prevent contaminants and pollutants from entering the cabin area. The space-saving design is utilized in a wide variety of heavy-duty trucks and passenger vehicles.

Compressor Filters

Bavaria Compressor Filters work like the air coming to the compressor usable by filtering the water and foreign substances in the oil.

Crank Case Ventilation Filters

Bavaria Crankcase Ventilation Filters reduce blow-by, which is generated by combustion gases leaking past piston rings, producing oil droplets that would otherwise increase emissions.

Element Fuel Filters

Bavaria Fuel Filters protect sensitive fuel system components, like injection pumps and injectors, from damaging contaminants.

Element Oil Filters

Bavaria Oil Filters protect your engine from wear articles that can otherwise lead to premature parts failure.

Hydraulic Filters

Bavaria Hydraulic Filters offer superior protection for your engine-powered equipment.

Spin-On Fuel Filters

Bavaria Spin-On Fuel Filters are critical components in maintaining the health and performance of engines, particularly in heavy-duty vehicles and machinery. These filters are designed to trap contaminants such as dirt, rust, and other particles from the fuel before it reaches the engine.

Spin-On Oil Filters

Bavaria Spin-On Oil Filters are essential components in maintaining the longevity and efficiency of engines. These filters are designed to remove contaminants such as dirt, metal particles, and carbon deposits from the engine oil, ensuring that only clean oil circulates through the engine.
